● Precautions

- 1) Please fill out the documents carefully in block letters. Applicants with omitted or illegible information may be excluded from the selection process.
- 2) Please enter the address and other information as of April 1, 2025 on "The Declaration of Economic Status Form(Form5)". If there are persons in the same household who are not income-eligible (excluding students and pre-school children), please indicate their current status.
- 3) If it is determined that the applicant has intentionally misrepresented facts in the application, the application will be canceled even after approval.
- 4) Those who are enrolled beyond the minimum term of study without any special reason or those who are continuously enrolled in the same grade as the previous year are not eligible to apply.
- 5) In principle, applicants who are disapproved must pay the tuition fee in a lump sum.
- 6) The applicant will be granted a deferment of tuition fee payment until a decision is made on whether or not to grant the reduction/deferment. However, if the tuition fee has been paid by the time the decision is made, applicant is not eligible for a reduction or exemption.
- 7) Students who have not attended classes for a significant period of time may be ineligible.
